We have lot of funds to execute all our projects professionally and successfully. We work on the theory of 'OUR Investment' and 'YOUR Management Skills'. It is an opportunity to share 'Net Profit before Tax', under the principles of 'Social Entrepreneurship', equally among all 'Executive Directors' (ED) & Affiliate Business Coordinators' (ABC) on the metrics of performance.

WE DON'T ENTERTAIN 'KACHRA CROWD'

We are cautioned against offering "Free Lunches," as it would attract a 'Kachra Crowd' with a "Freemium Mentality," which would not align with the purpose of the business club. Instead, the focus should be on providing this golden opportunity to deserving, genuine and ambitious individuals who are seriously looking to grow.

JOIN US

We are requesting you to firstly become an official part of the organization, to get involved officially in business club activities.

We believe that unless a person becomes an official part of the organisation, he cannot get involved officially in business club activities. So firstly, you have to register yourself and become a registered 'Regular Annual Member' (RAM) of the business club & an authorized part of MMBAIC family.

This opportunity is available only for limited & selected people. Don't lose it. Be an early bird. Just few podcasts and YouTube videos to get all seats full in no time.

MMBAIC conducts the 'Standard Selection and Appointment Process' with several rounds of selection and telephonic interviews to select deserving candidates. Candidates can simply make an application with nominal fees to reserve their seat before it gets full.

It is an appeal to candidates if you are ready to transform your life and create your new world of opportunities and prosperity then you can surely come and join us now.

Don't wait any more at all to reserve your seat.
It's once in a life time opportunity.
So be an early bird and grab the opportunity.
Reserve your seat right now before it gets full.

LIMITED SEATS
Hurry Up! Hurry Up!!

Please remember that, we are just forming BMS-INDIA with limited seats and developing every business zone. Then…. How many members are there in each business zone on BMS-India??- It is depends on how many are active members. Because as per Human Psychology, out of 100% work force, 10% people will be Super Active, 15% people will be High Active, 25% people will be Medium Active, 50% people will be Low Active. Of course we will always try to make limited RAMs, limited ABCs and limited EDs in every business zone. But we will also make sure that these numbers will be much sufficient to support our all business projects successfully to be run and conducted in the business zone.

We will definitely make sure that building BMS-India is just a process of 'Fill in the blanks' for filling 'vacant places' and No Way 'an endless chain' of people. We will judge every business zone and instruct 'Business Zone President' to stop or continue connecting people with BMS-India. We will make sure that once zone is full with sufficient number of members no membership will ever be granted to anyone at any cost and in any circumstances, because giving these many monetary – non- monetary benefits, even if we consider 'Monthly Members Wellbeing Amount', to these many members is not practically possible, hence we have to keep the numbers limited.

WHY APPLICATION FEES?

No one can directly become a 'Regular Annual Member' of the Business Club, just by visiting website and rendering/submitting 'commitment fees'. Since seats are very limited on BMS-India, we want to connect very selective and premium mentality people with our organisation, hence we only will decide who will become a 'Regular Annual Member' of the Business Club or Who will not. That is what a reason, we have adopted a process of making prior application for seat reservation so that we can sort out and select only deserving candidates with premium mentality and progressive thought process. We charge a nominal application fee for seat reservations to cover the expenses incurred during the application selection process, including interviews and other related activities. We need to establish significant infrastructure, deploy a large team and manage staff for processing applications and conducting telephonic interviews. This involves a huge cost such as salaries, rent, electricity, and other operational charges. If we don't charge a nominal application fee, random individuals might submit applications unnecessarily just to try their luck. Offering free applications could result in thousands of submissions from across India daily, starting from the very first day, overwhelming our resources.

WHY COMMITMENT FEES?

Are you really committed to your dream of becoming a successful businessman?

Though we don't charge any 'Annual Membership Fees' (like other standard business clubs charge Rs. 80,000/- to 2,50,000/- for the year) and offer our 'Annual Membership' at **FREE OF COST,** we do make sure to charge a nominal amount of 'Commitment Fee' instead of offering 'Free Annual Membership'. This fee, though small and negligible, adds value because, as the saying goes, "If something is given for FREE, it holds NO VALUE."

We are cautioned against offering "Free Lunches," as it would attract a 'Kachra Crowd' with a "Freemium Mentality," which would not align with the purpose of the business club. Instead, the focus should be on providing this golden opportunity to deserving, genuine and ambitious individuals who are seriously looking to grow**.** We make sure that the fee should not be so low that it becomes insignificant or easily ignored. While nominal, it should carry enough weight to demonstrate the individual's commitment and seriousness about the decision to embark on their entrepreneurial journey**.**

We strongly claim that earning money from annual membership fees or other fees is not our business model, but we think that charging a small, nominal 'Commitment Fee' is necessary to evaluate the seriousness of individuals who aspire to start businesses, become successful and achieve their dreams. This fee would surely serve as a measure of their commitment to those goals and ensure their dedication.

We appeal to show your commitment towards your dream. You become a 'Regular Annual Member', when you pay some nominal and negligible amount of commitment fees against 'Regular Annual Membership' of the club and register your name for the free membership of the club.

You actually pay for being an authorized & an official part of MMBAIC family and get yourself registered with us on 'Business Members Syndicate-India' (BMS-INDIA).

You do not actually pay for membership fees or to take admission for availing any unpaid courses, training programs, unpaid services, benefits, features, advantages, counselling, guidance and business consulting...etc. as those are already available at **'FREE OF COST'** to all the registered members.

MMBAIC despite charging a nominal commitment fees, also ensures that you get an opportunity to earn 10 times more money in the next few months itself and the amount of commitment fees you paid against membership can easily be recovered immediately**.**

WHY YOU MUST JOIN US?

It is said that
Your job can only fulfil your daily wants and needs,
Not your wishes and dreams.
Every day on earth, many of the success stories 'End' before they 'Begin',
And many of the dreams get 'Buried' before they are 'Born'.
So please make sure that you are not the one
Who has left all his wishes and dreams
Incomplete or unfulfilled behind
AT THE END.

The phrase says that
'You only live once,
But if you make it right,
ONCE IS ENOUGH.'

"They say you only get one chance to live your life,
So fulfil all your dreams, make the most of every moment
and live it to the fullest —because in the end,
No one cares,
IF YOU ARE DEAD."

So… consider this as a once in a life time opportunity
And leave all the excuses behind, stop overthinking that makes your thoughts negative.
Be confident with long vision and start fulfilling your dreams because it is said that,

People, who really want to do something, will find **THE WAY.**

People, who really want to do nothing, will find **THE EXCUSES.**
